# FLIP Your Answer When You Need Help During Trial

## What Is Friends of Litigants-In-Person (FLIP)?

We understand that going through a trial can be stressful, especially when it is self-represented. The FLIP Programme aims to assist you with emotional and practical support as you journey through the various steps of court proceedings during the trial. The earlier you engage us, the more we are able to help you.

## Why Use FLIP?

Our trained volunteers will:

- 1) Provide emotional and practical support to you
- 2) Accompany and attend court hearings with you
- 3) Record and explain key instructions and terms

They do not provide any legal advice. For legal advice, kindly approach our friendly staff at CJC HELP Services to make an appointment for our free legal clinic.

## How To Apply

Application forms are available at CJC HELP Services.
